"My eyes have grown weary. My hands, numb from paper cuts. I think I hear the I.R.S. in the distance. Please, if you've seen check number 452, call me."

Not Actual Size

The New Image Statement exclusively from First Security Bank, gives you a look at all your checks at a glance. Very helpful for record-keeping, don't you think? Especially when tax time rolls around...you could highlight each check that might be tax-deductible.

IMAGE STATEMENT

Exclusively From First Security Bank.

When it's important to find that check, you don't need the inconvenience of searching 10 shoe boxes. You need Image Statement. This unique innovation recreates photographic images of checks that you've written onto standard-size sheets. These sheets can be filed away neatly in a binder instead of using the old "shoe box" method.

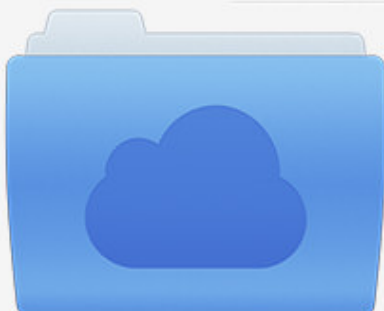

The Image Statement is just one more way that First Security Bank has made checking simple and easy. To find out more about First Security Bank's checking accounts, stop by your nearest branch or call:
